What Is Payroll and Why It Matters for Small Businesses

Payroll is more than just writing checks. It includes calculating gross pay, subtracting taxes and deductions, paying employees, and filing tax reports. Doing it wrong can lead to IRS fines, employee dissatisfaction, or legal trouble.

Many small business owners wonder **"Is QuickBooks easy to use?"** The answer is yes — especially for payroll once properly set up. QuickBooks automates most calculations and tax filings, saving hours every pay period.

Call +1 (866) 384-9053 or **+1 (855) 914-5215** today for 100% free 30-minute consulting on how payroll works for your small business.

Step-by-Step: How Payroll Works for a Small Business

Step 1: Gather Required Information

- Get your Employer Identification Number (EIN)
- Collect employee details: W-4, I-9, pay rate, hours, bank info
- Set pay schedule (weekly, bi-weekly, semi-monthly, or monthly)

Step 2: Calculate Gross Pay

Add regular wages, overtime, bonuses, commissions, and tips.

Step 3: Deduct Taxes and Contributions

- Federal income tax
- Social Security and Medicare (FICA)
- State and local taxes
- Health insurance, retirement, garnishments

Step 4: Process Payments

- Issue paper checks
- Direct deposit (fastest and most popular)
- Pay stubs must be provided to employees

Step 5: File and Deposit Taxes

Pay withheld taxes to the IRS and state agencies on time. Quarterly reports (941) and annual W-2 forms are required.

If you use QuickBooks Payroll, most of these steps are automated, reducing errors significantly.

Call +1 (866) 384-9053 or **+1 (855) 914-5215** for help setting up your payroll system.
